RAIA ENDORSES COOK AND THOMPSON

Assemblyman Raia (R,C,I – East Northport) gives his endorsement to the candidacies of Eugene Cook and Jennifer Thompson for the 2015 Huntington Town Council election cycle.

It is with great pleasure that I formally endorse the candidacy of Jennifer Thompson for Huntington Town Council. I have known Jennifer for many years through both her internship in my District Office as well as her time as a member of the Northport-East Northport School Board. Throughout the time I have known Jennifer she has always displayed her outstanding qualities as an effective decision maker who has the best interest of the community as her top priority.

It is also with great pleasure that I formally endorse the candidacy of Eugene Cook for Huntington Town Council. I have known Gene throughout his time as a member of the Huntington Town Council. Throughout the time I have known Gene, he has always displayed his outstanding qualities as an effective leader who genuinely has the best interest of Huntington residents at heart.

Having lived my entire life as a Huntington resident I understand the challenges facing our community and my fellow residents. I also understand that the Huntington Town Council needs candidates who can not only gain the trust and confidence of voters, but can also deliver on their promises once they take office. I am confident that both Jennifer and Gene are aptly prepared to do just that.

Please accept this letter as my strongest support for the candidacies of Jennifer Thompson and Eugene Cook for the Huntington Town Council. I encourage the voters of Huntington to cast their vote for these outstanding candidates on November 3rd.
