

# The History & Practice of Bonsai with Giacomo Mulé

Saturday, December 12 • 1:00 pm

Huntington Public Library • Register for HMA787

Bonsai is the convergence of art and nature and has been practiced for over 2000 years in Asia. Master Gardener and Bonsai Horticulturist Giacomo Mulé creates a bonsai from a standard nursery plant, using traditional techniques of pruning, wiring, shaping and transplanting. While he works, he discusses the philosophy, history, aesthetics and care of this ancient art form. Learn how a shrub from your yard can be transformed to look like a bon-

sai that has been trained for years! **Open to all. Please register.**
